

## Аккумуляторная батарея Exide Classic 9 OPzS 900

Exide Classic 9 OPzS 900 - классическая (может малообслуживаемая потребоваться периодический долив воды) свинцово-кислотная аккумуляторная батарея. Уже в течение многих десятилетий технология OPzS обеспечивает высокий крайне уровень надежности исключительную производительность батарейным системам поддержки на критичных объектах различных отраслей.

Exide Classic 9 OPzS 900 - одни из первопроходцев в этом стандарте и во многом - законодатели мод, предлагая премиальный уровень качества и технических характеристик.

| Технические характеристики |                             |  |  |  |  |  |  |  |
|----------------------------|-----------------------------|--|--|--|--|--|--|--|
| Напряжение, В              | 2,0                         |  |  |  |  |  |  |  |
| Емкость, Ач                | 980                         |  |  |  |  |  |  |  |
| Длина, мм                  | 212,0                       |  |  |  |  |  |  |  |
| Ширина, мм                 | 193,0                       |  |  |  |  |  |  |  |
| Высота, мм                 | 686,0                       |  |  |  |  |  |  |  |
| Вес, кг                    | 63,4                        |  |  |  |  |  |  |  |
| Сухой вес, кг              | 46,6                        |  |  |  |  |  |  |  |
